## Practices

- ☒ Read paper: 《Modeling Color Difference for Visualization Design》
- ☒ Learn mobx usages and add d3 module & mobx to the user study system; refine the system framework(now react + express + d3 + mobx)
- ☒ Add scalable barchart to the system and prettify it

## Future Work

- ☐ Read several papers that Prof.Mei provided
- ☐ Add more adjustable d3 charts to the system like line chart, bubble chart etc
- ☐ Keep learning and practicing React.js
